

Broadcast Ownership is so important to the voting public in our democracy. How can a people select their government without a reliable media? I seriously question how a media owned by only a few companies, as has happened in radio, can reliably report on politics, social injustices, and the like. I want rules in place that serve the public, rather than private, interest, and therefore oppose taking a vote leading to more media consolidation. On June 2nd, I urge you to retain the current ownership rules.

thank you.
